
Oh. Now I see why you hate me. You can be honest...

...I'm just a burden to the two of you. Just go rescue them without me. I'm just slowing you down...

...I still need your help...you s-said you'd help me...

I'm sorry, Lumalee...you deserve all of the love in the world...

LUIGI: KP, or whatever you real name is...take my tool kit...I don't think I'll need it anymore...

I'll come back for you...

Huh? Wait...KP! You can't just leave Weegee all alone after what just happened!
